

Fortran Specialist Group Web Editor's Report

2014 - 15

Following on from the discussions at the 2013 AGM I have started re-posting some of the older pages on the site using the original blue BCS house style.

After last year's AGM our Archivist, David Muxworthy, began to send me digitised version of agendas and minutes of FSG meetings held between 1970 and 1993. I have started putting those files onto the Group's website linked from a new Archives page at www.fortran.bcs.org/archive.php.

I have not spent as much time as I should on updating the website with information from last year's AGM but I plan to remedy that when I do the updates following this year's meeting.

I replaced the photos of Malcolm Cohen's presentation from 2012 on the home page with two relating to my BCS Meritorious Service Award from November 2014. I hope nobody feels I am making too much of the award!

If anyone has a burning desire to become the Web Editor for the Group then I am happy not to stand for re-election.

This must be the shortest Web Editor's report I have ever produced!

Peter Crouch
Web Editor Fortran SG
